

PARALLEL SESSIONS' SCHEDULE

	PALAVER		KLONDYKE (PS5B in Lumituuli)		TAKKA				
MONDAY 17.6	PS1A	HEALING ENVIRONMENTS AND NEURO-WELLNESS	PS1B	EVIDENCE BASED DESIGN AND PARTICIPATORY RESEARCH	PS1C	HOUSING DESIGN AND HOME ATTACHMENT			
	Session chairperson: Tye Farrow		Session chairperson: Liesbeth Van Heel		Session chairperson: Anne-Sophie Schoss				
	1	143 Tye Farrow	Embreatment, Embodiment, Environmental Enrichment, and Improved Oncology Outcomes, in Israel's Newest Cancer Centre	1	20 Liesbeth van Heel, Carine van Oel and Mlee Herw eijer	Trade-offs in Evidence Based Design: 'the Dutch door debate'	1	32 Anne-Sophie Schoss and Gesine Marquardt	Children with Stroke: An Investigation of Their Home Environment
	2	87 Aaron Davis, Ruby Lipson-Smith and Novell Redesign Collaboration	A new way to design environments and services: The Neuroscience Optimized Virtual Environments Living Lab (NOVELL)	2	108 Daryia Palitka and Evangelia Chryssikou	From Evidence to Practice: Implementing Accessible Art in Healthcare Facilities	2	51 Elke Ielegems, An-Sofie Smetcoren, Sander Lambrix and Ann Petermans	Through the eyes of architects: Challenges in designing collective housing projects for wellbeing and innovation
	3	40 Dilyn Shu Xian Lee, Yong Ling Ng, Ming Kai Chua, Lian Leng Low, Charlotte Chao Min Tan and Jow y Yi Hoong Seah	Built Environment-Health (BEH) Index	3	66 Maja Kevdzija, Andrea Brambilla and Stefano Capolongo	Between Research and Practice: a Literature Review protocol for examining practical implications of EBD research studies	3	153 Katy Jacka, Rebecca Cain and Cagri Sanliturk	Human Needs in Relation to Home Attachment: Towards a Theoretical Framework to Identify Meaningful, Constituent Architectural Affordances in Temporary Accommodation to Aid Designers
	4	113 Natalia Batrakova	Shaping the typology of modern Finnish psychiatric hospitals: analyzing design briefs of two case studies	4	49 Eli Kindervaag, Ashild Lappegaard Hauge and Svein Age Kjes Johnsen	Children's experiences of biophilic design at hospitals: Comparing the Outdoor Care Retreat with traditional hospital architecture	4	14 Anne Sigfrid Grønseth, Karine Denizoe, Svein Age Kjes Johnsen and Sigrid Elisabeth Glomdal	Housing qualities, spaces and dispositions for low-income families: Effects on experiences of wellbeing, home and belonging
				5	62 Luc Willekens and Carine Van Oel	The use of VR to improve the dialogue between users and designers in the design of Health Care Centres	5	70 Oskar Jonsson and Maya Kylén	Identification and prioritization of factors for an adequate housing environment: Involvement of community-dwelling older adults in the early stage of a housing development process
	PS2A	INCLUSIVE DESIGN AND NEURODIVERSITY	PS2B	RESEARCH AND DESIGN METHODS	PS2C	RESTORATIVE ENVIRONMENTS AND NATURE			
	Session chairperson: Amber De Coen		Session chairperson: Jerry Hacker		Session chairperson: Keng Hua Chong				
	1	74 Amber De Coen, Nels Hendriks and Andrea Wilkinson	Designing Space for Interaction and Recognition of Nonverbal Personhood	1	148 Jerry Hacker	Architectures of (Long Term) Care and Connection: Quantitative Design Methods to Assess Social Performance in Early Phases of Design	1	6 Eugene Shum, Keng Hua Chong and Michael Leong	Pelatok Art Farm - Mindful Placemaking through Participatory Action Research
2	116 Christina Tsami and Evangelia Chryssikou	Towards Specialized Accessibility Standards for Healthcare Facilities: A Mixed-Methods Study on the Needs of People with Disabilities in Hospitals	2	149 Emmanouela Pagona Vernadou	Mapping the Externalities of Contemporary Architectural Design in Health	2	3 Mia Heikkilä, Ira Verma and Suvi Nenonen	Towards restorative hospital environment - Nature and art in Finnish hospitals	
3	26 Andrea Möhn	Healing environments for clients with intellectual disabilities and challenging behaviour in long-term care facilities: a best practice example for the redesign of six	3	58 Peter-Willem Vermeersch, Jo Van Hees and Joost Declercq	Exploring a Space Kit Approach to guard psychosocial well-being in planning public hospital spaces	3	53 Anna Bengtsson and Lillian Lavesson	Real-life Examples of how to Support Contact with Nature and Greenery in Healthcare Environments	
4	126 Dimitra Jezdimirović	Socialist Cultural Centres: Effects on Contemporary Society and the Potential of Revitalisation to Achieve Social Inclusion	4	27 Christine Räisänen, Dilek Ulutas Duman, Johanna Eriksson and Shahin Sateei	Analysing the dynamics of multimodal interaction in the design of health-care spaces: A social-semiotic approach	4	94 Clara Rius, Ramon Torrents and Agostina Ferrentino	The Garden of the Senses: Principles, Evidence and Practice for Designing Restorative Outdoor Spaces based on the Stress Reduction Theory	
			5	115 Martin Voss and Jason Danziger	Soteria Berlin – A Case Study in Active Atmosphere and Inclusive Design				
TUESDAY 18.6	PS3A	USER EXPERIENCE AND UNIVERSAL DESIGN	PS3B	SUSTAINABILITY AND WELLBEING	PS3C	AGE-FRIENDLY ENVIRONMENTS AND AGING IN PLACE			
	Session chairperson: René Sørensen Overby		Session chairperson: Matti Kuitinen		Session chairperson: Helle Wijk				
	1	16 René Sørensen Overby and Emil Falster	The Human Body in Architectural Theory and Practice	1	151 Matti Kuitinen, Panu Pihkala and Sanna Lehtinen	Can architecture cause or cure eco-anxiety?	1	118 Helle Wijk	Designed living environment that promotes health and well-being for older persons and health care workers at residential care facilities and in age-friendly cities
	2	18 Elisa Pozo Menéndez, Laura Cambra-Rufino, Delfín Jiménez Martín and Juan Zarco Colon	User participation for the architectural transformation of Spanish social care centres towards the Person-Centred Care Model	2	24 Claire Napawan and Haven Kiers	Campus-based landscapes for wellness: The Landscape Lab at UC Davis as Case Study	2	108 Tianzhi Sun, Fei Lian, Maddalena Buffoli and Stefano Capolongo	Exploring Design for Healthy Aging in Community: A Case Study Approach in the Chinese Context
	3	1 Jonas E. Andersson	In pursuit of architectural happiness, on the potential for change in legal frameworks for accessibility	3	81 Gunther De Graeve	Responding to zero-carbon urgency through digital transformation of the health system	3	89 Jenna Mikus	Nine Principles for Flourishing (Environments): Adopting Eudaemonia-informed Exploration to Curate Healthy Places and Meaningful Experiences by Design
	4	154 Veronika Kotradyová	Human-centered Spatial Interventions in Slovak Health Care Facilities	4	9 Cristiana Caira and Karl-Johan Gydel	Health in Timber - The Optimized Complex Wooden Structures of the Future	4	152 Ahmed Sabri and Ann-Kathrine Salch	The Need to go Beyond Evidence — Examples of Color & Material Use in Environments for Dementia
	5	77 Mark Trieglauff	Social and Emotional Benefits of a Small Accessible Park to People with Disabilities						
	PS4A	PATIENT EXPERIENCE AND HEALTHCARE FACILITIES	PS4B	SENSORY DESIGN AND SOUNDSCAPES	PS4C	DESIGN SUPPORTING CARE AND MEMORY DECLINE			
	Session chairperson: Göran Lindahl		Session chairperson: Arezoo Talebzadeh		Session chairperson: Ira Verma				
	1	8 Laura Sacchetti and Göran Lindahl	Understanding healthcare design transformations. Insights from the Swedish experience	1	75 Arezoo Talebzadeh, Paul Devos and Dick Botteldooren	Soundscape augmentation in dementia care design; need for a guideline	1	42 Ira Verma and Laura Arpiainen	Integrated living for people with memory decline
2	92 Lisanne Knop and Philip Hector	Health infrastructures beyond the clinic - A speculative design approach to the future of healthcare in Germany	2	110 Elena Bellini and Nicoletta Setola	Sensory Design in healthcare welcome spaces for active and healthy aging	2	79 Evan Hayes, Anna Fox and Jeremy Kelly	Consumer co-design process in enabling transformations of care	
3	76 Ichraf Aroua and Faten Hussein	Ambiance as a key for a better birth experience	3	67 Viivi Salminen and Laura Arpiainen	Recommendations for acoustical environments for seniors and persons with memory decline	3	63 Elena Martinez-Milana	Designing collective housing for older people: Proposals from the Dutch Welfare State by Pot & Pot-Keegstra	
4	54 Sarah Joyce	Beyond white as a neutral color	4	65 Maria Quinn	Acoustic refurbishment of an examination room	4	99 Elisa Pozo Menéndez, Álvaro García-Soler, Cristina Butza Bueno and Enrike Etxeberria Lekuona	Learning to design spaces for living and wellbeing in care homes. 17 study cases from Asturias and Gipuzkoa in Spain	
			5	131 Antti Ikonen	A Friendly Sounding Hospital				
WEDNESDAY 19.6	PS5A	HEALTHCARE DESIGN AND MENTAL WELLBEING	PS5B	LEARNING ENVIRONMENTS AND YOUTH WELLBEING (Lumituuli)	PS5C	DEMENTIA-FRIENDLY ENVIRONMENTS			
	Session chairperson: Pia Sirola		Session chairperson: Mikiko Terashima		Session chairperson: Karin Høyland				
	1	50 Pia Sirola, Suvi Hirvonen, Sara Malve-Ahroth, Annu Haapakangas and Kari Reijula	Associations of Shared workspaces with healthcare professionals' Work engagement and Perceived Stress	1	22 Osayaba Osifo and Mikko Terashima	Addressing barriers in the university campus environment for neuroatypical students	1	124 Karin Høyland	Health promoting housing and care concepts for elderly with dementia.
	2	47 Sofia Souvatzoglou	Medicateranean Hospitality: Toward a New Architecture Therapy	2	55 Ruth Stevens, Kristine De Martelaer, Lindsay Everaert and Jan Vanrie	Stand(ing)still?! Exploring motion affordances in learning environments as a lever for better motor skills in youngsters	2	21 Keng Hua Chong, Aunn Ning Lim and Sakinah Safiee	Dementia-Friendly Neighbourhood: Translating Ethnographic Research to Evidence-based Design
	3	7 Elke Medema and Laura Cambra-Rufino	Lessons learnt from testing three spatial observation tools in a hospital ward	3	57 Theodora Mavridou and Jessica Massonnie	Primary Research Methods for a study in Synergies between children's sensory needs and environmental factors in primary schools	3	41 Charlotte Chao Min Tan, Alyssa Marion Jia-Min Chua, Lian Leng Low, Sungwon Yoon and Jow y Yi	Exploring the determinants of age-friendly neighbourhoods among seniors residing in a low-income urban community in Singapore: A photovoice study.
4	96 Giulietta Boggio Bertinet, Birgit Moser, Clara Rius and Camila Ruiz Figari	The Path Architecture's Potential to Foster Children's and Adolescents' Emotional Well-being Through Interoceptive Awareness	4	91 Keli Kadriu, Cristiana Caira and Margherita Vanore	Healing before. Promoting the mental well-being of young adults in the urban redevelopment of a fringe area in Gothenburg	4	46 Natalia Vladykina and Laura Arpiainen	Service Thinking in Architectural Design for Dementia in the Finnish Context
